Maine Educational Facts

BEST AVAILABLE COP

F O R E W O R D

Included in this issue of "MAINE EDUCATIONAL FACTS" is a compilation of most of the reports put out by the Division of Management Information since June 1978. The information is compiled from the following reports:

School Approval Report (EF-I-32)
October 1st Resident Enrollment (EF-M-11)
April 1st Resident Enrollment (EF-M-12)
Financial Report of Public Schools (EF-M-45)
Report of the Public School System (EF-M-35)
Year-End Report of Private Secondary Schools (EF-M-37)

These reports were filled in by School Administrators, public and private, so they are as reliable as they make them, although we try to audit and verify as much as possible. These figures are primarily state-wide, but we have available and are willing to furnish the same for individual towns or districts.

For additional copies write or call the Division of Management Information (289-3421).

(Printed under Appropriation Number 3201-4812)

SUMMARY OF

"MAINE EDUCATIONAL FACTS"

Title 20 - Chapter 105 § 911, "Education is compulsory for pupils from age 7 to 17."

In 1979 Maine had a Fall Enrollment of 227,823 enrolled in 788 public schools (652 elementary, 88 se ondary and 48 combined elementary and secondary). These students were taught by 12,492 staff members. In the Spring of 1980 the Net Enrollment totalled to 227,466 students enrolled in 84 private elementary, 23 private secondary, and 40 private combined elementary and secondary schools totalling to 17,635 taught by 1,098 teachers. In addition to the above, 23 private schools were approved as special purpose facilities.

Maine's 497 towns are now divided into 74 school administrative districts with 281 towns, 34 cities and towns under individual supervision, 23 towns under district superintendents and agents of the commissioner, and 12 community school districts with 37 towns, leaving 122 towns in 35 unions

The cost of public education continues to rise. The cost per pupil excluding transportation, capital outlay and debt service, was $1,198.57 per elementary and $1,514.26 per secondary.

Much has been done to encourage young people to complete their secondary education and advance into post-secondary education. Of the 17,261 high school graduates (15,445 public and 1,816 private) in 1980, 44.8% of the public high school graduates and 66% of the private high school graduates continued their education--a combined percentage of 47%. Approximately 69% of these are continuing their education in Maine institutions. Of the 71,853 secondary students, there were 2,988 dropouts which gave Maine a 4.2% dropout rate for the 1979-80 school year.
